Contents

VOLUME 24, NUMBER 1, MARCH 1999
Published 9 February 1999

E. J. HAYES and RICHARD WALL
Age-grading adult insects: a review of techniques 1–10

D. JEEVA, DAVID E. BIGNELL, P. EGGLETON and M. MARYATI
Respiratory gas exchanges of termites from the Sabah (Borneo) assemblage 11–17

SPENCER T. BEHMER and DAMIEN O. ELIAS
Phytosterol structure and its impact on feeding behaviour in the generalist grasshopper *Schistocerca americana* 18–27

SAMUEL A. OCHIENG' and BILL S. HANSSON
Responses of olfactory receptor neurones to behaviourally important odours in gregarious and solitarious desert locust, *Schistocerca gregaria* 28–36

MARK E. HAUBER
Variation in pit size of antlion (*Myrmeleon carolinus*) larvae: the importance of pit construction 37–40

R. J. HOPKINS, F. WRIGHT, A. N. E. BIRCH and R. G. MCKINLAY
The decision to reject an oviposition site: sequential analysis of the post-alighting behaviour of *Delia floralis* 41–50

J. H. B. DIEDEREN, M. M. A. VERSTEGEN, R. C. H. M. OUDEJANS, H. G. B. VULLINGS and D. J. VAN DER HORST
Number and size of intracisternal granules in the adipokinetic hormone-secreting cells of locusts: a phase-dependent characteristic 51–55

B. J. SINCLAIR, M. ROGER WORLAND and DAVID A. WHARTON
Ice nucleation and freezing tolerance in New Zealand alpine and lowland weta, *Hemideina* spp. (Orthoptera; Stenopelmatidae) 56–63

KARL H. JOPLIN and DARRELL MOORE
Effects of environmental factors on circadian activity in the flesh fly, *Sarcophaga crassipalpis* 64–71

KLAAS VEENSTRA and DAVID N. BYRNE
Does dispersal affect the reproductive physiology in the sweet potato whitefly, *Bemisia tabaci*? 72–75

AUDE COUTY, LAURE KAISER, DOMINIQUE HUET and MINH-HÁ PHAM-DELEGUE
The attractiveness of different odour sources from the fruit-host complex on *Leptopilina boulardi*, a larval parasite of frugivorous *Drosophila* spp. 76–82

JULIO C. ROJAS and TRISTRAM D. WYATT
The role of pre- and post-imaginal experience in the host-finding and oviposition behaviour of the cabbage moth 83–89

A. MEATS and C. L. HARTLAND
Upwind anemotaxis in response to cue-lure by the Queensland fruit fly, *Bactrocera tryoni* 90–97

Short Communication

CHENGWANG PENG, ROBERT J. BARTELT and MICHAEL J. WEISS
Male crucifer flea beetles produce an aggregation pheromone 98–99

VOLUME 24, NUMBER 2, JUNE 1999
Published 28 April 1999

RUFUS ISAACS, MATTHEW CAHILL and DAVID N. Byrne
Host plant evaluation behaviour of *Bemesia tabaci* and its modification by external or internal uptake of imidacloprid 101–108

K. H. HURA and P. ROESSINGH
Oviposition in *Yponomeuta cagnagellus*: the importance of contact cues for host plant acceptance 109–120

BILL S. HANSSON, MATTIAS C. LARSSON and WALTER S. LEAL
Green leaf volatile-detecting olfactory receptor neurones display very high sensitivity and specificity in a scarab beetle 121–126

R. D. NORTH, C. W. JACKSON and P. E. HOWSE
Communication between the fungus garden and workers of the leaf-cutting ant, *Atta sexdens rubropilosa*, regarding choice of substrate for the fungus 127–133

MONIKA OFFENBERGER
Variation in sex-, stage- and tissue-specific expression of α-amylase in five species of the *Drosophila quinaria* section 134–142

GRÉGORY POURIÉ and MARIE TRABALON
Agonistic behaviour of female *Tegenaria atrica* in the presence of different aged spiderlings 143–149

URMAS TARTES, AARE KUUSIK and ALO VANATOA
Diversity in gas exchange and muscular activity patterns in insects studied by a respirometer-actograph 150–157

YOSHINORI SHINTANI and YUKIO ISHIKAWA
Geographic variation in cold hardiness of eggs and neonate larvae of the yellow-spotted longicorn beetle *Psacothea hilaris* 158–164

P. BEBAS and B. CYMBOROWSKI
Effect of constant light on male sterility in the cotton leafworm *Spodoptera littoralis* 165–170

R. L. JENKINS, H. D. LOXDALE, C. P. BROOKES and A. F. G. DIXON
The major carotenoid pigments of the grain aphid, *Sitobion avenae* (F.) (Hemiptera: Aphididae) 171–178

M. A. H. SMITH, P. A. MACKAY and R. J. LAMB
Seasonal morphometric variation in sexual and asexual, North American and Australian, populations of the aphid *Acyrthosiphon pisum* 179–188

AKIHIRO MORITA and HIDEHARU NUMATA
Localization of the photoreceptor for photoperiodism in the stink bug, *Plautia crossota stali* 189–195

VOLUME 24, NUMBER 3, SEPTEMBER 1999
Published 10 September 1999

Review Article

ADRIAN HORRIDGE
Two-dimensional pattern discrimination by the honey bee 197–212

Original Articles

LLUÏSA VILAPLANA, JOSÉ L. MAESTRO, MARIA-DOLORS PIULACHS and XAVIER BELLÉS
Determination of allatostatin levels in relation to the gonadotropic cycle in the female of *Blattella germanica* (L.) (Dictyoptera, Blattellidae) 213–219

E. A. REBOLLAR-TÉLLEZ, J. G. C. HAMILTON and R. D. WARD
Response of female *Lutzomyia longipalpis* to host odour kairomones from human skin 220–226

M. BORGES, M. L. M. COSTA, E. R. SUJII, M. DAS G. CAVALCANTI, G. F. REDÍGOLO, I. S. RESCK and E. F. VILELA
Semiochemical and physical stimuli involved in host recognition by *Telenomus podisi* (Hymenoptera: Scelionidae) toward *Euschistus heros* (Heteroptera: Pentatomidae) 227–233

M. F. SLEDGE, F. R. DANI, A. FORTUNATO, U. MASCHWITZ, S. R. CLARKE, E. FRANCESCATO, R. HASHIM, E. D. MORGAN, G. R. JONES and S. TURILLAZZI
Venom induces alarm behaviour in the social wasp *Polybiodes raphigastra* (Hymenoptera: Vespidae): an investigation of alarm behaviour, venom volatiles and sting autotomy 234–239

PETER G. VALEUR, BILL S. HANSSON and CHRISTER LÖFSTEDT
Real-time measurement of pheromone release from individual female moths and synthetic dispensers in a wind tunnel by recording of single receptor-neurone responses 240–250

M. J. DOUGHERTY, P. M. GUERIN, R. D. WARD and J. G. C. HAMILTON
Behavioural and electrophysiological responses of the phlebotomine sandfly *Lutzomyia longipalpis* (Diptera: Psychodidae) when exposed to canid host odour kairomones 251–262

LINDEN HIGGINS and MARY ANN RANKIN
Nutritional requirements for web synthesis in the tetragnathid spider *Nephila clavipes* 263–270

J. ROBERT STORER, STEPHEN YOUNG and JIM HARDIE
Three-dimensional analysis of aphid landing behaviour in the laboratory and field 271–277

R. SOCHA and D. KODRÍK
Differences in adipokinetic response of *Pyrrhocoris apterus* (Heteroptera) in relation to wing dimorphism and diapause 278–284

JEFFREY W. HARRIS and JOSEPH WOODRING
Effects of dietary precursors to biogenic amines on the behavioural response from groups of caged worker honey bees (*Apis mellifera*) to the alarm pheromone component isopentyl acetate 285–291

VOLUME 24, NUMBER 4, DECEMBER 1999
Published November 1999

MICHAEL C. QUINLAN and JOHN R. B. LIGHTON
Respiratory physiology and water relations of three species of *Pogonomyrmex* harvester ants (Hymenoptera: Formicidae) 293–302

N. GAUTHIER and J. P. MONGE
Behavioural and physiological responses to conflicting oviposition stimuli in a synovigenic parasitoid 303–310

RUFUS ISAACS, MARK A. WILLIS and DAVID N. BYRNE
Modulation of whitefly take-off and flight orientation by windspeed and visual cues 311–318

SUSAN M. RANKIN, SUSAN J. MCQUISTON and ELLEN S. JACKSON
The effect of ovariectomy on reproductive behaviour and physiology of adult female ring-legged earwigs, *Euborellia annulipes* 319–326

GERD GÄDE
Presence of an adipokinetic peptide in the corpus cardiacum of Dermaptera but not in the neurohaemal aorta, and chemical and functional identification of the peptide 327–332

T. BREVAULT and S. QUILICI
Factors affecting behavioural responses to visual stimuli in the tomato fruit fly, *Neoceratitis cyanescens* 333–338

MARLIES VAZ NUNES and JIM HARDIE
The effect of temperature on the photoperiodic 'counters' for female morph and sex determination in two clones of the black bean aphid, *Aphis fabae* 339–345

FRANÇOIS POMPANON, PIERRE FOUILLET and MICHEL BOULETREAU
Physiological and genetic factors as sources of variation in locomotion and activity rhythm in a parasitoid wasp (*Trichogramma brassicae*) 346–357

FRANK J. MESSINA and ANDREA F. SLADE
Expression of a life-history trade-off in a seed beetle depends on environmental context 358–363

ROWAN E. HOOPER, YOSHITAKA TSUBAKI and MICHAEL T. SIVA-JOTHY
Expression of a costly, plastic secondary sexual trait is correlated with age and condition in a damselfly with two male morphs 364–369

EDWARD L. VARGO
Reproductive development and ontogeny of queen pheromone production in the fire ant *Solenopsis invicta* 370–376

M. JÖNSSON and P. ANDERSON
Electrophysiological response to herbivore-induced host plant volatiles in the moth *Spodoptera littoralis* 377–385

WILLIAM S. PRICE, AYAKO KOBAYASHI, HIROYUKI IDE, SHUNJI NATORI and YOJI ARATA
Visualising the postembryonic development of *Sarcophaga peregrina* (flesh fly) by NMR microscopy 386–390

G. A. WRIGHT, D. RAUBENHEIMER and S. J. SIMPSON
An analysis of the pattern of feeding in the Costa Rican weevil, *Exopthalmus jekelianus*, on the tropical tree, *Cedrela odorata* 391–397
